

Public Notice

Public Notice is hereby given pursuant to District Rule 430, New Source Review, that a preliminary decision has been made by the Air Pollution Control Officer (APCO) of the Butte County Air Quality Management District to conditionally approve Applications #'s 09-04-01, -02, and -03 filed by Wild Goose Storage, LLC (WGS, LLC), requesting Authority to Construct Permits for the installation and operation of Two (2) Natural Gas Internal Combustion Engines powering Natural Gas Compressors with Selective Catalytic Reactor Controls and associated natural gas processing equipment, located at 2780 West Liberty Road in Gridley, CA.

WGS, LLC operates an underground natural gas storage facility in south Butte County. In 2002, WGS, LLC proposed to install four engines with compressors and associated equipment. The applications complete the final phase of the original project scope. The current project units will emit Oxides of Nitrogen (NOx) and require emission reduction credits to offset the increase in the facility-wide emissions of NOx in accordance with Rule 430. Offsets for the project have been properly obtained and applied toward the increase.

The APCO has reviewed the proposed project and has determined that the project will not result in a significant adverse impact to air quality.

In accordance with California Health and Safety Code, Section 42337, information regarding the compliance history of WGS, LLC is available for public review at the District office during normal office hours. Copies of the Authority to Construct permits and District evaluation are also available for public review at the District office. Office hours are Monday through Friday from 7:30 a.m. to 12:00 noon and 1:00 p.m. to 4:30 p.m., except Tuesdays when the office opens at 8:30 a.m.

On or after July 6, 2009, the APCO intends to issue the Authority to Construct permits to WGS, LLC for the proposed project. Interested members of the public may submit written public comments to the APCO concerning approval of the proposed permits. Comments must be received prior to July 6, 2009 for consideration. Public comments concerning this permit may be submitted to the following:

ATTN: David J. Lusk
Butte County Air Quality Management District
2525 Dominic Drive, Suite J
Chico, CA 95928

Public Notice Submitted by: W. James Wagoner, Air Pollution Control Officer
Notice Date: June 5, 2009
